

SAYWELL INTERNATIONAL

ATR 42/72

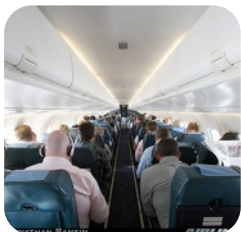

DEDICATED SPARES SUPPORT

Over the past five years, Saywell International has purchased various ATR inventories from a number of airlines across the globe.

Outright purchases of the entire Alitalia Express, Air Excel, British Airways, Air Littoral, Titan Airways and Ethiopian Airlines stock holding, plus more recent acquisitions from Italy First, European Air Express, Air Wales and Aurigny Air make our stock one of the most comprehensive in Europe.

Along with our consumable inventory, we maintain a very large exchange pool of high usage rotatable components to complement our total support capability.
