

## PRESS RELEASE

## KLM UK ENGINEERING SURPLUS INVENTORY

**Saywell International** have this week taken delivery of a large package of surplus inventory from KLM UK Engineering.

The stock contains 15,000 line items of fully traceable consumable and rotatable material for the Boeing 737-300 Classic, BAE146, Fokker, 50, Fokker 70, and Fokker 100.

All parts are now listed on ILS, Partsbase and our website where quote requests can be submitted directly to our sales team.

Saywell International, founded in 1944 have grown to be one of the largest aerospace distributors in Europe, with regional offices in USA, Singapore, and Canada. The organisation has distribution agreements with a large selection of OEM's, over a million lines of inventory in stock, an EASA part 21G/145 approved Eaton Aerospace hose shop on site and twenty-four hour AOG cover.
